

San Diego River Conservancy Board Meeting
Item 14
Supporting Document 4

April 8, 2005

From: Susan Hector
To: Susan Huntington
Date: 03/15/05 7:49 am
Subject: RE: Conservancy's draft preliminary comments on the Grantville Redevelopment Draft EIR

Thank you. I am sorry that I missed the meeting but I had an unavoidable conflict. I have specific concerns about the remains of the Mission Dam Flume and other very important historical and archaeological resources that are located within the project area. Portions of the flume continue to be discovered, and any proposed development in the area needs to contain a provision to preserve these rare features. In addition, other important cultural resources, including traditional cultural properties, may be present in the area. Thank you, Susan Hector.
